

TO RESTORE AMERICA TO ITS FORMER IDEALS

COOLIDGE TO DEDICATE SELF TO THE TASK

PRESIDENT MAKES KEYNOTE OF HIS COMING CAMPAIGN FOR PRESIDENCY

SPOKE TO SEVERAL HUNDRED NEWSPAPER EDITORS AT NEW YORK LUNCHEON

(By United Press)
New York, April 22.—President Coolidge today dedicated himself to the task of restoring to America its lost or forgotten ideals. He made the keynote of his coming campaign for the presidency and the platform on which his administration is to be built if he is re-elected the "law of service" both domestically and internationally.

The president in an address to several hundred newspaper editors attending the luncheon here of the Associated Press, epitomized his platform in these words:

"One of the preeminent requirements of our country at the present time is to establish and emphasize in the public mind this law of service. The danger of America is not in the direction of the failure to maintain its ideals."

Around that thought Mr. Coolidge built up a complete program, both domestic and foreign, of legislation and policy, which, he made clear, he will attempt to carry out if elected.

To Mr. Coolidge this "law of service" is not a sentimental phrase. He said emphatically it was not to be confounded with a weak and impractical sentimentalism. And then to illustrate his meaning he applied his idea of service to the question of taxation, governmental economy, the uprooting of iniquity in high places, as disclosed by the scandal investigations and to America's foreign relations.

Taking up first the scandals, Mr. Coolidge said their genesis lay in the "easy money" era begotten of the war and declared that it was not surprising some government officials had been corrupted.

"From all of this sordidness, the affairs of the government, of course, suffered," said the president. "In some of it a few public officers were guilty participants. But the wonder is not that this was not so much or so many, rather than it has been so little and so few. The encouraging thing at present is the evidence of a well-nigh complete return to normal methods of action and sane public opinion."

He pledged himself to "administer punishment wherever competent evidence of guilt can be produced."

"That," he said, "I am doing and propose to continue."

Blocs and minorities must not expect his help, the president said, in raiding the public treasury for money to carry out their projects. Declaring that bills now before congress for projects backed by minorities would spell financial disaster to the nation if their \$3,600,000,000 total was appropriated he said:

"The law of service must be applied to this situation. At present our country does not have a great outlay of expense but a great application of constructive economy."

He made in this connection a passing reference to the bonus but did not reveal his attitude on the insurance bonus bill now in its final stages in congress.

On taxes the president criticized congress for its failure "up to the present time accurately to comprehend and expeditiously to minister to the need of taxation reforms," but said he believed in spite of this there would be tax reduction. He assailed the opponents of the Mellon plan who, he said, were assuming the country wanted to evade the law of service and sought the benefits of government without paying for that government.

He said the idea that taxes on the great mass of the people could be cut and more taxes extracted from the rich was an unworkable principle.

He assured his hearers that fundamentally America is sound, its government in honest hands and its business "including the owners, managers

CANADIAN WHISKEY, ALCOHOL, WINE, GIN, SEIZED IN MILL CITY

(By United Press)
Minneapolis, April 22.—A quantity of Canadian whiskey, 24 gallons of alcohol and some wine and gin, was taken in a roundup of border liquor runners last night. Three men arrested at a Tenth street rooming house where the liquor was seized, gave their names as Ben Zuckman, Lewis Karr and Mendell Moses.

GERMANY HAS PREPARED VERY CAREFUL PROGRAM

FOR COMING NEGOTIATIONS IN PARIS ON THE REPARATIONS QUESTION

TO BE MADE ON THE BASIS OF THE GENERAL DAWES REPORT

(By United Press)
Berlin, April 22.—Germany has prepared a careful program for her conduct during the coming negotiations in Paris to effect a settlement of the reparations questions on the basis of the Dawes report, it was learned today and already has sent notes to the principal allied countries outlining her position.

Following the inquiry addressed to England in which it was made plain that Germany believes that her sovereignty over the occupied regions should be retained by her and German prisoners restored, similar notes have been sent to the other allied powers. The foreign office intends these notes to serve as the clarifying of German position in accepting the Dawes report and should serve as an additional basis for negotiations.

It is no secret with the foreign office, in view of Premier Poincare's recent attitude, that it feels there still is a considerable divergence in the Franco-German viewpoints.

TAXI DRIVER HELD UP BY HIS 4 FARES

STEAL FIFTEEN DOLLARS CASH FROM HIM AND HIS TOURING CAR

RED WING TAXI MAN, THEN IS BOUND AND THROWN IN DITCH

(By United Press)
Red Wing, Minn., April 22.—Two men and two women held up and robbed A. C. Almquist, Red Wing taxi cab driver, of \$15 and his large touring car, at a point near Zumbrota, late last night.

Almquist was bound and thrown into a muddy ditch at the side of the road while the quartet drove off with the car.

A man and woman went into his office here yesterday and asked to be driven to Zumbrota. On the way they picked up another man and woman. Near the village Almquist was requested to stop and turned around to face four revolvers, held by as many people. They bound him and threw him down a ten foot embankment.

After lying in the ditch a while, Almquist managed to crawl to the highway and reached a farmhouse. Here the farmer, thinking him a burglar, greeted him with a gun. When Almquist explained, officers were notified.

WANT EVERY SENATOR ON RECORD AS TO HIS STAND ON THE BONUS

WHETHER HE FAVORS CASH COMPENSATION OR INSURANCE POLICIES

Congress Today
(By United Press)
Senate—Expects to pass insurance policy in bonus bill. Muscle Shoals hearing continues. House—Agriculture appropriation bill. Beer bill hearings.

Washington, April 22.—Cash bonus advocates in the senate today planned to demand a record vote on the cash plan upon which they can go to the country in the coming campaign.

Admittedly facing defeat in their attempt to get a cash option plan in the new bonus bill—which probably will be passed before night—the insurgents have nevertheless decided to put every senator on record in favor of cash compensation or insurance policies.

Senators Pat Harrison, Dill, Copeland and Heflin, all democrats, are behind the movement.

Their task, however, is considered hopeless because many who favor the cash plan will not vote for it now because there is a feeling that a bill containing it cannot be passed over a presidential veto while the insurance policy bill can.

A series of other last minute attempts will be made to revive the bill before it is finally acted upon.

The bill, however, is drawn just as American Legion officials desire it and there is a strong sentiment against any efforts to change it.

BORAH DETERMINED TO FATHOM ALLEGED PLOT

Washington, April 22.—Aroused by a confidential report tending to bear out Senator Wheeler's charges that his indictment was secured by a "frameup", Chairman Borah of the senate investigating committee today determined to go to the bottom of the alleged plot.

The new charges were contained in a letter from F. C. Ford, former attorney general of Montana to former Representative Stout of Montana. The letter outlining the alleged plot and naming the persons involved, was placed in Borah's hands by Wheeler's friends.

Borah immediately dispatched a new batch of subpoenas. Among those summoned are Dr. O. M. Lanstrom, republican national committeeman from Montana, and Charles Reinfenrath, managing editor of the Helena Record.

Meanwhile the text of the letter is being withheld by Borah. Senator Walsh, Montana, who also has a copy declines to make it public on the ground that the facts should be brought out before the investigating committee.

At least three members of the grand jury which returned the indictment are to be called, it is understood.

CLAIM IT AN ATTEMPT TO DECEIVE

Washington, April 22.—The republican insurance policy bonus bill is an attempt to deceive the soldiers and at the same time to appease the wrath of financial interests, Senator Norris Sheppard charged in the senate today in opening the attack against the bill.

"The whole insurance plan has all the earmarks of an unholy republican political game," Sheppard said.

"It is just another scene in that perfidious drama you have enacted against the soldiers. You are attempting to deceive the soldiers on

ELEANORA DUSE REMAINS TO BE TAKEN TO ITALY

(By United Press)

GABRIELLE D'ANNUNZIO IS SORROWING OVER HER DEATH
Brescia, Italy, April 22.—Gabrielle d'Annunzio kept himself in his villa here today sorrowing for the death of Eleanora Duse in Pittsburgh. The poet, whose love affair with the tragedienne is called one of the greatest romances of history, received first news of the death from the United Press office in Rome, and was profoundly shocked.

"I am too overcome to say anything now," he said. "Later when I have collected myself, I will pay fitting tribute to Duse in a proper way. She was a great actress."

(By United Press)
Washington, April 22.—William Randolph Hearst, publisher, today notified the senate oil committee that he knew nothing of rumored "deals" at the 1920 republican national convention.

Hearst was named by H. W. Ballard, Los Angeles oil man, as one who would corroborate his testimony that the late Jake Hamon unsuccessfully attempted to engineer a deal at the convention whereby he was to have become secretary of the interior.

In reply to a telegram from Senator Stanfield, Oregon member of the committee, Hearst said he could tell it nothing, claiming Ballard's testimony as "supremely silly."

AMERICAN FLIERS TO DATE HAVE ONLY COVERED 3375 MILES

(By United Press)
Bushire, Persia, April 22.—The British round the world airplane, piloted by Major Stuart MacLaren, arrived here today and took off immediately for Banders Abbas. With the arrival here, the British fliers had covered a total of 3,640 miles.

BRITISHERS HAD GOOD WEATHER

Washington, April 22.—The British round the world fliers have taken the lead in the globe circling race with the American army aviators.

Although off at a later start and retarded by a lengthy stop at the island of Corfu where they awaited a new engine, they have forged ahead in the past week, covering a total of 3,640 miles to the 3,375 miles traveled by the Americans who are now in Alaska.

Army air service officials today reported the news that the Britishers had passed the American fliers. They pointed out, however, that the Britishers have had the advantage of good weather nearly the whole distance of the flight so far while the Americans are traveling one of the stormiest areas in the world. They believe the Americans will gain the lead after leaving the Arctic region.

Philadelphia, April 22.—Odds were freely offered today that Harry Thaw will be adjudged a sane man before nightfall.

A verdict favorable to Thaw by the jury hearing his petition for freedom from the asylum that has held him for seven years, was anticipated.

Developments of the past 24 hours within and without the court room lead to extreme confidence on Harry's part.

"I will be free before tonight", the slayer of Stanford White said jubilantly. He plans to make peace with the New York authorities who want him in connection with the beating of Frederick Gump, Jr. in that city in 1917, and then he will be off for Paris for a peaceful Indian summer with his aged mother.

ALLEGED PRICE FIXING SOUTHERN PINE ASSOCIATION

CHARGE MADE DEPARTMENT OF JUSTICE FAILED TO PROSECUTE

SENATE DAUGHERTY COMMITTEE TODAY TAKES UP CASE

(By United Press)
Washington, April 22.—Alleged price fixing activities of the Southern Pine association and charges that the department of justice failed to prosecute it after a case against the organization had been worked up by the federal trade commission, were brought to the attention of the Senate Daugherty committee today.

Huston Thompson, chairman of the commission, told the committee that there was unquestionable evidence of anti-trust law violations by the association, but the department of justice under former Attorney General Daugherty did nothing to prosecute the suit brought against it in February 1920.

John H. Kirby of Texas, former president of the association, was brought into the testimony by Senator Wheeler who read into the record excerpts of a speech by Kirby referring to a conference with Daugherty about the government's suit against the association.

Thompson said the West Coast Lumber Association had been approached by the Southern Pine Association to arrange for cooperation for price increases but had revolted.

BIDS ARE TO BE CALLED FOR A MILE OF PAVING

PETITIONS UP FOR AND AGAINST PAVING SOUTH SEVENTH STREET

SOUTH BROADWAY MAY BE PAVED, IF PRICE IS SATISFACTORY

The 1924 paving program was taken up at the regular meeting of the city council on Monday evening, and bids were ordered which will add about one mile to the city's paving this season.

John M. Bye appeared before the council and addressed that body in regard to the paving of South Seventh street. Petitions for and against this paving were presented, as were also petitions for and against the paving of South Fifth street.

The special committee in charge of the matter of paving, recommended that North Sixth street from Bluff avenue to Gregory park; North Fourth street from Kingwood to Bluff avenue; South Seventh street from Oak to Rosewood street; South Fifth street from the south line of Laurel to the south line of Norwood street, and South Broadway, be paved, provided that the last named street can be paved at a satisfactory price not to exceed \$1.50 per square foot.

Plans Ordered Drawn
On motion this report of the committee was accepted and the city engineer was instructed to draw plans and advertise for bids on concrete, bituminous and rawhide paving and also for cement curbing.

Athletic Park
J. P. Anderson, one of a committee of three from the Chamber of Commerce working on an athletic park for the city, asked the cooperation of the council in fencing the proposed athletic grounds which are to be located south of the "fill". On motion a permit was granted the Northern Pacific to construct a fence along the west side of the ravine and across lands belonging to the city immediately south of the fill and along the south and east side of the fill, and permission to erect a grandstand on this land and also to make sewer connections, all of which is to be at the expense of the railway company.

State Fire Marshal Coming
The mayor addressed the council in regard to recent fires, reading a letter from the state fire marshal. A representative of the state fire marshal's office will be in the city this evening to go over the matter of the Imperial block fire.

Two Pool Halls to the City
Mayor O'Brien recommended that no licenses be granted to proprietors of pool halls if restaurants or lunch rooms are to be operated in connection with that line of business, and suggested that no more than two pool halls be licensed in the city.

Shut-offs for Gas Lines
On motion carried, the matter of additional fire ladders and equipment was referred to the fire, light and water committee, to report as soon as possible. The committee was also asked to have the Brainerd Gas and Electric Co. to install shut-offs in their gas lines in the business district to be used in case of fires.

Claim Low Voltage
The city clerk was instructed to write to the Water and Light department calling attention to the low voltage of the current at times, and asking for a constant current of the required voltage.

The finance committee presented an insurance policy on the city's street flusher, and on motion, same was accepted.

Curbing Bid
The bid of Thompson Brothers and Clausen for curbing to be installed in the alley at the rear of the fire department, was opened, read and on motion, rejected.

A verdict favorable to Thaw by the jury hearing his petition for freedom from the asylum that has held him for seven years, was anticipated.

Developments of the past 24 hours within and without the court room lead to extreme confidence on Harry's part.

"I will be free before tonight," the slayer of Stanford White said jubilantly. He plans to make peace with the New York authorities who want him in connection with the beating of Frederick Gump, Jr. in that city in 1917, and then he will be off for Paris for a peaceful Indian summer with his aged mother.

ALLEGED PRICE FIXING SOUTHERN PINE ASSOCIATION

CHARGE MADE DEPARTMENT OF JUSTICE FAILED TO PROSECUTE

SENATE DAUGHERTY COMMITTEE TODAY TAKES UP CASE

(By United Press)
Washington, April 22.—Alleged price fixing activities of the Southern Pine association and charges that the department of justice failed to prosecute it after a case against the organization had been worked up by the federal trade commission, were brought to the attention of the Senate Daugherty committee today.

Huston Thompson, chairman of the commission, told the committee that there was unquestionable evidence of anti-trust law violations by the association, but the department of justice under former Attorney General Daugherty did nothing to prosecute the suit brought against it in February 1920.

John H. Kirby of Texas, former president of the association, was brought into the testimony by Senator Wheeler who read into the record excerpts of a speech by Kirby referring to a conference with Daugherty about the government's suit against the association.

Thompson said the West Coast Lumber Association had been approached by the Southern Pine Association to arrange for cooperation for price increases but had revolted.

BIDS ARE TO BE CALLED FOR A MILE OF PAVING

PETITIONS UP FOR AND AGAINST PAVING SOUTH SEVENTH STREET

SOUTH BROADWAY MAY BE PAVED, IF PRICE IS SATISFACTORY

The 1924 paving program was taken up at the regular meeting of the city council on Monday evening, and bids were ordered which will add about one mile to the city's paving this season.

John M. Bye appeared before the council and addressed that body in regard to the paving of South Seventh street. Petitions for and against this paving were presented, as were also petitions for and against the paving of South Fifth street.

The special committee in charge of the matter of paving, recommended that North Sixth street from Bluff avenue to Gregory park; North Fourth street from Kingwood to Bluff avenue; South Seventh street from Oak to Rosewood street; South Fifth street from the south line of Laurel to the south line of Norwood street, and South Broadway, be paved, provided that the last named street can be paved at a satisfactory price not to exceed \$1.50 per square foot.

Plans Ordered Drawn
On motion this report of the committee was accepted and the city engineer was instructed to draw plans and advertise for bids on concrete, bituminous and rawhide paving and also for cement curbing.

Athletic Park
J. P. Anderson, one of a committee of three from the Chamber of Commerce working on an athletic park for the city, asked the cooperation of the council in fencing the proposed athletic grounds which are to be located south of the "fill". On motion a permit was granted the Northern Pacific to construct a fence along the west side of the ravine and across lands belonging to the city immediately south of the fill and along the south and east side of the fill, and permission to erect a grandstand on this land and also to make sewer connections, all of which is to be at the expense of the railway company.

State Fire Marshal Coming
The mayor addressed the council in regard to recent fires, reading a letter from the state fire marshal. A representative of the state fire marshal's office will be in the city this evening to go over the matter of the Imperial block fire.

Two Pool Halls to the City
Mayor O'Brien recommended that no licenses be granted to proprietors of pool halls if restaurants or lunch rooms are to be operated in connection with that line of business, and suggested that no more than two pool halls be licensed in the city.

Shut-offs for Gas Lines
On motion carried, the matter of additional fire ladders and equipment was referred to the fire, light and water committee, to report as soon as possible. The committee was also asked to have the Brainerd Gas and Electric Co. to install shut-offs in their gas lines in the business district to be used in case of fires.

Claim Low Voltage
The city clerk was instructed to write to the Water and Light department calling attention to the low voltage of the current at times, and asking for a constant current of the required voltage.

The finance committee presented an insurance policy on the city's street flusher, and on motion, same was accepted.

Curbing Bid
The bid of Thompson Brothers and Clausen for curbing to be installed in the alley at the rear of the fire department, was opened, read and on motion, rejected.

SERIOUS CHARGES AGAINST STUDENTS

CLAIM "WILDERNESS DANCE" RESULTED IN MISTREATING GIRLS

(By United Press)
Dallas, Texas, April 22—A federal grand jury today heard the story of the sensational "wilderness dance" and liquor party staged by students of Southern Methodist University at Savage Lake.

Evidence gathered by federal dry sleuths was presented to the jury after two weeks investigation.

Participants in the revel said to have included local girls and students, were among those summoned for questioning.

Federal investigators claim liquor was illegally transported to the party. They charge also that innocent girls were mistreated by drunken students.

A FORMER OFFICER OF RUSSIAN CZAR

Col. Nikolai N. Wasilew, Brother-in-Law of Wm. Domschot of Brainerd

CEDAR RAPIDS, IOWA PAPER

Publishes Account of Interview of Colonel at Home of Albert Domschot

The Cedar Rapids Evening Gazette of Cedar Rapids, Iowa, published the interesting account of the experience of Colonel Nikolai N. Wasilew, a former officer of the Russian Czar. The colonel is a brother-in-law of Wm. Domschot of Brainerd and Albert Domschot of Cedar Rapids. After his visit here, the colonel will sail back to Russia to resume his military duties under Trotsky. The article states:

To have been an officer in the Russian army and to have witnessed the revolution which threw that country into turmoil was the experience of Nikolai Nazaref Wasilew, local man. Unable to speak English he has told his story for The Evening Gazette through the interpretation of his brother-in-law, Albert Domschot, 837 B avenue.

Mr. Wasilew was born and reared near Moscow. Starting out as a sergeant in the army he worked his way to the head of a battalion and is believed to have held a position corresponding to that of colonel in the American army. During the revolution he was in the thick of the fight as an officer in the army attempting to save the czar from the revolutionists.

Wasilew's Story

Wasilew came to Cedar Rapids last October and plans to return to his native land next summer. His story of the beginning of the revolution as interpreted, is as follows:

"The overthrowing of the czar really began March 12, 1917. The action was hasty on account of the World war. The unrest of 18,000 strikers stirred things up. They had an impressive delegation at the Czar'skoje Duma Rodzianko, the chairman of the duma strongly upheld the workers, favored their recognition, and the granting of their request for higher wages. The strikers to press their demands influenced a machine-gun division made up of Petersburg workers to take their side. Amidst the excitement that followed the cry was taken up that the czar should resign. The chairman of the duma at once boarded a train to the outskirts of Petrograd to ask the czar who was just returning from the Warsaw front, to comply.

"The czar after a long argument asked to be allowed to enter Petro-

grad to consult his brother, Michael Alexandrovitch. He was warned not to attempt that move but the czar with his family started toward the city until striking workers tore up the railroad, bringing the train to a stop. The czar was arrested. Police and army men appealed to the machine gun men for help but it was too late. The machine gun men refused to shoot at their former fellow workers.

The Fight Begins

"Soldiers and police were practically out of control and amazed that the czar, descendant of a line of monarchs who had ruled Russia for more than 300 years, should be held a captive. The police with Russian priests and some of the czar's secret service men obtained a number of machine guns, mounted them on churches and other large buildings, and began firing on the marching strikers. That started the battle. The czar announced that he would resign if his brother could assume the throne. The 18,000 strikers spread the word and a fight began that lasted seven days. In the meantime, regular army men surrendered and joined the workmen.

"The few men faithful to the monarch called in regular army men from outside Petrograd and an attempt was made to rescue him. The strikers and deserters, fearful of punishment, formed a strong battle front to combat the regular troops. Prisons were opened and every prisoner asked to defend Petrograd. Government arsenals were opened, ammunition obtained and the battle increased in intensity. The czar sent word to his army that 5,000 rubles would be paid to each man who would help to subdue the rebels. The battle ended March 21 with the czar's army conquered."

Cossacks Turn Tide

Hasty action and a complication of circumstances were responsible for the successful revolution, Mr. Wasilew said. At one instant, he added, he and his battalion had the workers and machine gun men fought to a standstill when to his surprise, the Cossacks rushed up on horses in full gallop and opened fire to turn the tide in favor of the revolutionists. The Cossacks were supposed to be true blue defenders of the czar. Women soldiers outside Petrograd were the last ones to cease firing and for their punishment, Wasilew said, they were stripped and paraded through the city in army trucks.

As to the merits of the revolution, Mr. Wasilew declares that time is the greatest factor of all and the day will come when the revolution will be praised.

To Entertain Ladies

Brainerd Aerie, No. 287, Fraternal Order of Eagles, will entertain their ladies this evening at Elks hall.

There will be a program, followed by dancing. Refreshments will be served. A short business session will precede the entertainment.

RAILS-McDERMOTT WEDDING CELEBRATED

A pretty wedding solemnized in Orange, was that of Miss Ruby Ralls, eldest daughter of Mr. and Mrs. William Ralls of South Clark street, and William James McDermott of San Bernardino, with Rev. H. J. Hill officiating.

The ceremony was performed at the home of the bride's sister, Mrs. William Stebbins of South Clark street. Mrs. Stebbins was matron of honor, and Roy Ralls, a brother of the bride attended the groom. Little Audrey Stebbins as flower girl scattered rose petals over the bridal path of her beloved aunt, and little Buddy Stebbins had the honor of being ring bearer, which he valiantly carried in the heart of a calla lily.

The ceremony was performed beneath a beautiful canopy of smilax, fern trailing white streamers and beautiful white wedding bell. The same decorations prevailed in the various rooms with the addition of beautiful roses with the trailing smilax on the luncheon tables where the wedding cake baked by the bride's aunt, Mrs. Frank Russell of Norwalk, was cut by the bride and served with many other delicious cakes and ice cream.

The happy pair received with their congratulations, showers of rice, and lovely wedding gifts. They left today for their home in San Bernardino, 278 H Street, followed by the good wishes of friends and relatives.

The bride has for some time been employed in Riverside, and the groom is a fireman on the Union Pacific, with headquarters at San Bernardino.

The bride was pretty as a picture in a gown of peach colored georgette over crepe de chine, with an arm bouquet of pink sweet peas and maiden hair fern and wearing pearls. The matron of honor was attired in apricot colored silk voile.

Those present besides Mr. and Mrs. W. J. McDermott, were Mr. and Mrs. W. H. Ralls, Mr. and Mrs. Roy Ralls, Mr. and Mrs. William Stebbins and daughter Audrey and son Buddy.

Mr. and Mrs. L. E. Ralls, W. O. Rowley, Rev and Mrs. H. J. Hill, Mr. and Mrs. Frank Russell of Norwalk and daughter Miss Hazel, Mrs. Ellen Britton, Miss Lillian Rowley, Lloyd Rowley and Mrs. Jennie Conner. From Norwalk, Ohio, paper.

TO COMMEMORATE ODD FELLOW ANNIVERSARY

Unity Lodge No. 194 I. O. O. F. will commemorate the 105th anniversary of Oddfellowship in America by a special program of music and speaking to be rendered Wednesday evening, immediately following a short session of the lodge.

Acting Grand Secretary Wallace G. Nye has consented to be present at this gathering and will deliver an address on Oddfellowship. Local speakers will also take part in the program. The meeting is to be a joint session with Florence Rebekah Lodge No. 111 and a limited number of outside friends will be asked to attend.

The evening's entertainment will be followed by refreshments.

D. M. CLARK HOME ROBBED

Thieves Gained Entrance by Forcing Open a Kitchen Window

D. M. Clark's residence, 501 North Fifth street, was burglarized early Monday evening, while the family were attending the theatre.

The thieves gained an entrance by forcing open kitchen window. They went upstairs to Mrs. Clark's bedroom and took a diamond ring, valued at \$150, and about twenty dollars in money, leaving much other jewelry untouched.

In the kitchen they filled a large bread can with all the eatables they could find, and made their get-away leaving the kitchen door open.

The police believe that the men wore gloves, since no finger prints can be found. Foot prints on a table at the kitchen window show where the robbers entered the house, but no other clues have been found.

Constipation lays you wide open to other diseases—relieve it with Kellogg's Bran

Don't take chances with constipation! This terrible ailment can send poisons into your system which may lead to serious diseases. The longer those poisons accumulate, the more dangerous they become. Begin at once to free your system from them.

Eat Kellogg's Bran. If eaten regularly, it is guaranteed to relieve the most chronic cases of constipation, or your grocer will return your money. It is nature's own way to make the intestine function naturally and regularly—for Kellogg's Bran acts exactly as nature acts. It makes forever unnecessary the use of habit-forming drugs and pills.

Kellogg's Bran, cooked and krumbled, has proved successful when all else has failed. This is because Kellogg's is ALL bran. Doctors

everywhere agree that only ALL bran can be 100 per cent effective—they recommend Kellogg's Bran.

Eat at least two tablespoonfuls daily—in chronic cases with every meal. You will like it. You will enjoy the delicious nut-like flavor—the exclusive Kellogg flavor.

Eat Kellogg's Bran, cooked and krumbled, with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in wonderful bran muffins, bread, griddle cakes and other recipes given on every package.

Kellogg's Bran is the road back to health. It is made in Battle Creek and is served in individual packages at the leading hotels and clubs everywhere. Ask for it at your restaurant. It is sold by all grocers.

SCORE ONE MORE FOR THE AUTOMOBILE

THE automobile brought in its train better roads and more of them. Now an authority on the barber business says the automobile also carried with it bobbed hair. Here is the argument used by our old friend, Alfred J. Krank. The latter makes barber chairs, hair tonic, soap and razors, etc., and is also an adept in delving into matters historical when they refer to the barber business.

Man's domination over women through the ages kept her hair long, says Mr. Krank. In the stone age the prospective establisher of a household captured his mate by getting a firm hold on her long tresses and escorting her to her new home among the boulders.

But our manner of living in the last score of years has changed things considerably, and most of this has been caused by the advancement of the automobile. It has placed women in the "pal" class. Women like the great outdoors and they enjoy doing the things that men do, therefore their one aim is comfort, says Mr. Krank.

Here are some of the recognized types of shingles and bobs: Yankee shingle, Bon Ton shingle, Boyish shingle, Dip shingle, French bob, Sedate bob. The shingle bob is executed in various styles, best suited to types. There is the straight shingle bob and the marcel shingle bob. The one care that all barbers must use is in cutting the hair in a manner that will suit the lines of a lady's face and head.

Making a pal of mother has added to the cost of the family budget, for now Ma and Pa, big sister and little brother are all patronizing the barber regularly.

DESTINY AND A CITY

DESTINY never yet made a town. It's the people of a town that push it ahead to real achievements. In this universe there is nobody making it a business to push the destinies of other cities or communities. If the people of a community have no ambition, no energy, no public spirit, nobody else is coming along with an oxygen tank and apply it pulmotor fashion.

A town rises or falls as its civic consciousness operates. If the consciousness gets below zero, the spirit freezes.

Bemidji gets a new state park, has a normal school, because they were sought by its citizens. Red Wing is a small town full of factories, because the efforts of its citizens were directed to extending facilities for manufacturing plants, securing good railway connections, freight rates, etc. Some of these southern Minnesota towns just revel in state institutions because they had the citizens with power to do things when they were elected representatives.

Brainerd secured an immense tourist business last year because the whole town united in this effort and the fame of Brainerd's tourist camp was hedged in only by the limits of the whole American continent. The only destiny these days, in regard to cities, lies in the hands of the citizens themselves. Where the spirit dies, the whole town languishes.

THE "BUY AT HOME" COMMITTEE

THE Chamber of Commerce committee which was campaigning for extension of the home market and urging Brainerd citizens to buy Brainerd-made goods and patronize Brainerd stores, has been so busy lately, says Chairman W. J. Hall, that they could not think up any more material for articles.

Business in various lines has picked up. The bakeries are extending the sale of Brainerd-made bread, Brainerd cigar makers report an increase in trade, the Brainerd Sash & Door factory just shipped out a five carload order of millwork to Flint, Mich.; soft drink makers are extending trade territory; the Jones mill had to put on two "green carts" to handle the supplying of their popular millwork; the cold spring has added to the coal business and soot is flying around so that the laundry business is being stimulated; the opening of the trout season has created a demand for fishing tackle; election is coming on and candidates will stimulate the printing business, especially newspaper advertising, as Mr. Babcock won't allow any signs or cards stuck up on right of way of the trunk roads; the crow hunt is spurring up the ammunition market; the early birds of the tourist season are stirring uneasily in their nests and are tuning up their cars for an early dash to the Brainerd Lake Region.

There is optimism on all sides if you only know where to look for it. The man who always droops and keeps his gaze to the ground, never sees a rainbow or a red sunset.

IT'S DIFFERENT

SOME of those congressional committees spending their time investigating hear but one side of a case and act on such one-sided so-called evidence. Suspicion has seemed, in many cases, to have had as much value in tainting a man and barring him from office, as direct court evidence carefully weighed and presented under the rules of evidence.

The country is watching with interest that case of one investigator, now a subject of court charges. Will he resign his post because he has been indicted or because a warrant has been issued for his arrest?

A STING ATTACHED

WILLIAM J. BRYAN, says the Little Falls Daily Transcript, has written Mr. Vanderlip what he evidently intended for a letter of congratulation. "A man with your means and standing in the business world," wrote Mr. Bryan, "would not separate himself from his business companions and risk his fortune in the exposure of corruptions unless he was in dead earnest or mentally unsound." Wonder what Mr. Vanderlip thinks of that.

CLOSING SOFT DRINK PARLORS

ACTION to close several St. Cloud buildings harboring soft drink parlors has been started in federal court at Fergus Falls against St. Cloud residents. Owners of buildings and operators of parlors are named in the complaint filed.

THE baseball season is on in earnest. We notice the fans mobbed an umpire because his decision did not please them.

ABOUT HOTEL SITE

Editor Brainerd Dispatch:
While the talk has been going on around in our city for a new hotel, which I know Brainerd is very badly in need of, nobody has said a word about a good location in Northeast, Southeast or West Brainerd. I suggest as a good location right in the heart of our city where the Imperial block stood. As Con O'Brien owns the corner, perhaps our people could buy it reasonably from him. He started the hotel proposition with \$500, which is a very good thing for Brainerd, for business men and working people alike. I have \$25 to spare for the new hotel. Hoping our good people here in our fair city will try and help along, as every little bit helps.
Respectfully,
B. C. ANDERSON.

COUNCIL CONSIDERS THIS YEAR'S PAVING PROGRAM

(Continued from page 1)

Capt. Jack O'Connell requested permission to set up and operate a mechanical shooting gallery at the corner of Laurel and South Sixth streets, which matter was referred to the police committee.

Stand Pipe for Street Sprinkler
On motion a stand pipe for use in filling the city street sprinkler is to be located on the northeast corner of the intersection of South Seventh and Maple streets. Joseph Brusseau was employed for the season to operate the sprinkler and to do teaming for the city at \$150 per month.

Finance Committee Report
The finance committee reported that a transfer had been made as follows: from the emergency fund to the public safety fund, \$3,000; from the emergency fund to the general fund, \$4,500; from the general fund to the sewer account, \$1,000; from the general fund to the street and sewer account, \$500; from the general fund to the revolving fund, \$6,000; from the general fund to the sewer, warrant and interest fund, \$1,000.

Whitley Avenue
Alderman Cain reported the bad condition of Whitley avenue near the Garfield school, which has just been improved by the street committee and the city engineer. Attention was called to the condition of Fourteen and Maple and Fourteenth and Quince streets intersections, which was referred to the city engineer to report at the next meeting, as was also that of improving Laurel street between Seventeenth and Eighteenth streets.

City Jail Tramp Room
The city property committee reported that repairs are needed in the tramp room of the city jail, and that the room needs cleaning, recommending that it be kalsomined. On motion carried, this work was ordered done.

The property committee recommended that shrubbery be purchased, not to exceed \$75 worth, for the city hall lawn, and on motion the recommendation was concurred in.

City Thaw Rig
The Brainerd Gas and Electric Co. was granted permission to rent the city's thaw rig at a rental of one dollar per day.

Mrs. Anderson of Southeast Brainerd asked for a load of wood, which request was granted. A \$5 grocery order and a load of wood for this month only was allowed to Mrs. Eibes, and the matter of further assistance to her referred to the city attorney.

The matter of renting space in the third ward hose house was on motion left in the hands of the aldermen from that ward.

Dog Licenses
It was stated that many dog owners have not as yet complied with the new ordinance requiring dog licenses by April 1st. This was referred to the city attorney, who will have a list of these delinquents turned over to the police department for collection.

and employes representatives of honorable and patriotic motives."

Turning then to foreign affairs, the president, after repeating that the league of nations is dead so far as the United States is concerned, paid high tribute to Secretary Hughes for initiating the idea of the experts' conference on reparations and lent impetus to the Dawes vice presidential boom by highly praising the work of Dawes and his associates in Europe.

Mr. Coolidge then warmly urged that American bankers make a large loan to Germany, to assure complete success of the Dawes plan. American gold can be of more use abroad than piled up at home, he said, emphasizing again the need of service.

And with stability assured abroad, the president said, a new opportunity for American leadership for world peace may present itself. When it does, he will call another world conference on limitation of armaments, he said. The present is not the time for this, he added, but as soon as it seems such a parley would be participated in willingly by Europe and would have a chance of success he will urge that it be held.

He again perfunctorily commended the Harding world court but said other measures are necessary including codification of international law and the holding of frequent international conferences to take up specific problems as they arise.

America first of all must be true to herself and order her course rationally and peacefully at home, he said, in order that her leadership for world peace may be strengthened. And he

SCORE ONE MORE FOR THE AUTOMOBILE

THE automobile brought in its train better roads and more of them. Now an authority on the barber business says the automobile also carried with it bobbed hair. Here is the argument used by our old friend, Alfred J. Krank. The latter makes barber chairs, hair tonic, soap and razors, etc., and is also an adept in delving into matters historical when they refer to the barber business.

Man's domination over women through the ages kept her hair long, says Mr. Krank. In the stone age the prospective establisher of a household captured his mate by getting a firm hold on her long tresses and escorting her to her new home among the boulders.

But our manner of living in the last score of years has changed things considerably, and most of this has been caused by the advancement of the automobile. It has placed women in the "pal" class. Women like the great outdoors and they enjoy doing the things that men do, therefore their one aim is comfort, says Mr. Krank.

Here are some of the recognized types of shingles and bobs: Yankee shingle, Bon Ton shingle, Boyish shingle, Dip shingle, French bob, Sedate bob. The shingle bob is executed in various styles, best suited to types. There is the straight shingle bob and the marcel shingle bob. The one care that all barbers must use is in cutting the hair in a manner that will suit the lines of mid-lady's face and head.

Making a pal of mother has added to the cost of the family budget, for now Ma and Pa, big sister and little brother are all patronizing the barber regularly.

DESTINY AND A CITY

DESTINY never yet made a town. It's the people of a town that push it ahead to real achievements. In this universe there is nobody making it a business to push the destinies of other cities or communities. If the people of a community have no ambition, no energy, no public spirit, nobody else is coming along with an oxygen tank and apply it pulmotor fashion.

A town rises or falls as its civic consciousness operates. If the consciousness gets below zero, the spirit freezes.

Bemidji gets a new state park, has a normal school, because they were sought by its citizens. Red Wing is a small town full of factories, because the efforts of its citizens were directed to extending facilities for manufacturing plants, securing good railway connections, freight rates, etc. Some of these southern Minnesota towns just revel in state institutions because they had the citizens with power to do things when they were elected representatives.

Brainerd secured an immense tourist business last year because the whole town united in this effort and the fame of Brainerd's tourist camp was hedged in only by the limits of the whole American continent. The only destiny these days, in regard to cities, lies in the hands of the citizens themselves. Where the spirit dies, the whole town languishes.

THE "BUY AT HOME" COMMITTEE

THE Chamber of Commerce committee which was campaigning for extension of the home market and urging Brainerd citizens to buy Brainerd-made goods and patronize Brainerd stores, has been so busy lately, says Chairman W. J. Hall, that they could not think up any more material for articles.

Business in various lines has picked up. The bakeries are extending the sale of Brainerd-made bread, Brainerd cigar makers report an increase in trade, the Brainerd Sash & Door factory just shipped out a five carload order of millwork to Flint, Mich.; soft drink makers are extending trade territory; the Joncas mill had to put on two "green carts" to handle the supplying of their popular millwork; the cold spring has added to the coal business and soot is flying around so that the laundry business is being stimulated; the opening of the trout season has created a demand for fishing tackle; election is coming on and candidates will stimulate the printing business, especially newspaper advertising, as Mr. Babcock won't allow any signs or cards stuck up on right of way of the trunk roads; the crow hunt is spurring up the ammunition market; the early birds of the tourist season are stirring uneasily in their nests and are tuning up their cars for an early dash to the Brainerd Lake Region.

There is optimism on all sides if you only know where to look for it. The man who always droops and keeps his gaze to the ground, never sees a rainbow or a red sunset.

IT'S DIFFERENT

SOME of those congressional committees spending their time investigating hear but one side of a case and act on such one-sided so-called evidence. Suspicion has seemed, in many cases, to have had as much value in tainting a man and barring him from office, as direct court evidence carefully weighed and presented under the rules of evidence.

The country is watching with interest that case of one investigator, now a subject of court charges. Will he resign his post because he has been indicted or because a warrant has been issued for his arrest?

A STING ATTACHED

WILLIAM J. BRYAN, says the Little Falls Daily Transcript, has written Mr. Vanderlip what he evidently intended for a letter of congratulation. "A man with your means and standing in the business world," wrote Mr. Bryan, "would not separate himself from his business companions and risk his fortune in the exposure of corruptions unless he was in dead earnest or mentally unsound." Wonder what Mr. Vanderlip thinks of that.

ASSESSORS TO MEET APRIL 28

County Auditor C. W. Mahlum Calls
a Meeting of All Assessors
of County

AT HIS OFFICE, COURT HOUSE

Instructions to be Given in Regard
to Assessing Real Estate and
Personal Property

County Auditor C. W. Mahlum has called a meeting of all assessors of the county for April 28th at 10 o'clock in his office at the court house.

The purpose of this meeting is to instruct the assessors in the proper methods of assessing real estate and listing and assessing the different kinds of personal property in accordance with the laws of the state.

The state tax commission arranges these instructions and desires to assist in every way possible the assessors throughout the state. The meeting will not be confined to an explanation of the law, but every question relating to the duties of an assessor which is presented at the meeting will be fully explained.

Mr. Mahlum announces that all assessors who attend this meeting will be entitled to five cents per mile traveled in going to and returning from the meeting, and to four dollars additional for each day necessarily consumed in attendance at the sessions.

FIRE NOTES

Jerry St Cyr, M. & I. conductor, found his pocketbook in the Imperial block fire ruins, and its contents were intact.

Markowitz Brothers salvaged their safe from the ruins and its contents, \$500, were found only slightly scorched.

A lady recovered a family album, which went through the furnace-like flames with only minor damage.

One of the heroines of the fire was Mrs. Adelaide B. Wittig, daughter of Mrs. Bertha Theviot. Alone at home, in their flat on the third floor, she attempted to leave by the rear stairway. The smoke was so black and thick she could not make the stairs and then, almost blinded and suffocated by the acrid smoke, she felt her way back to their flat, threw a dress over her night gown, broke the window and clung to the ledge until taken down on the ladder. Among the irreparable losses of Mrs. Theviot were rare linens, keepsakes, etc. She was at church when the fire occurred.

Roy N. Zierke says he was accorded honors he did not deserve. He did not carry any down the ladders, and said W. J. Lyons was the gallant fireman rescuing several from third story windows.

Young Reyff, in spite of remonstrances, climbed a ladder and made his way through smoke to his flat and rescued his beloved fiddle.

MINORS MUST PAY

Cannot Carry Hunting Licenses Unless Regular Fee is Paid, Judge Rules

There has always been a question among officials throughout the state as to whether or not minors must have a hunting license. This is answered in the affirmative in the following district court decision, which has been forwarded to county auditors throughout the state, and which was handed to the Dispatch by County Auditor, C. W. Mahlum.

"Minors must pay a fee for hunting licenses, Judge Thomas D. Salmon of the Hennepin county district court ruled on Friday afternoon in a test case brought by L. C. Williams, attorney for Irving H. Greenberg, a minor, to compel County Auditor A. P. Erickson to issue a license to Greenberg without the payment of the usual one dollar fee.

"The action was brought because the law appeared ambiguous. The decision of the court is expected to settle a question which has been agitating county auditors in Minnesota for several years."

ASSESSORS TO MEET APRIL 28

County Auditor C. W. Mahlum Calls
a Meeting of All Assessors
of County

AT HIS OFFICE, COURT HOUSE

Instructions to be Given in Regard
to Assessing Real Estate and
Personal Property

County Auditor C. W. Mahlum has called a meeting of all assessors of the county for April 28th at ten o'clock in his office at the court house.

The purpose of this meeting is to instruct the assessors in the proper methods of assessing real estate and listing and assessing the different kinds of personal property in accordance with the laws of the state.

The state tax commission arranges these instructions and desires to assist in every way possible the assessors throughout the state. The meeting will not be confined to an explanation of the law, but every question relating to the duties of an assessor which is presented at the meeting will be fully explained.

Mr. Mahlum announces that all assessors who attend this meeting will be entitled to five cents per mile traveled in going to and returning from the meeting, and to four dollars additional for each day necessarily consumed in attendance at the sessions.

FIRE NOTES

Jerry StCyr, M. & I. conductor, found his pocketbook in the Imperial block fire ruins, and its contents were intact.

Markowitz Brothers salvaged their safe from the ruins and its contents, \$500, were found only slightly scorched.

A lady recovered a family album, which went through the furnace-like flames with only minor damage.

One of the heroines of the fire was Mrs. Adelaide B. Wittig, daughter of Mrs. Bertha Theviot. Alone at home, in their flat on the third floor, she attempted to leave by the rear stairway. The smoke was so black and thick she could not make the stairs and then, almost blinded and suffocated by the acrid smoke, she felt her way back to their flat, threw a dress over her night gown, broke the window and clung to the ledge until taken down on the ladder. Among the irreparable losses of Mrs. Theviot were rare linens, keepsakes, etc. She was at church when the fire occurred.

Roy N. Zierke says he was accorded honors he did not deserve. He did not carry any down the ladders, and said W. J. Lyons was the gallant fireman rescuing several from third story windows.

Young Reyff, in spite of remonstrances, climbed a ladder and made his way through smoke to his flat and rescued his beloved fiddle.

MINORS MUST PAY

Cannot Carry Hunting Licenses Unless Regular Fee is Paid, Judge Rules

There has always been a question among officials throughout the state as to whether or not minors must have a hunting license. This is answered in the affirmative in the following district court decision, which has been forwarded to county auditors throughout the state, and which was handed to the Dispatch by County Auditor, C. W. Mahlum.

"Minors must pay a fee for hunting licenses, Judge Thomas D. Salmon of the Hennepin county district court ruled on Friday afternoon in a test case brought by L. C. Williams, attorney for Irving H. Greenberg, a minor, to compel County Auditor A. P. Erickson to issue a license to Greenberg without the payment of the usual one dollar fee.

"The action was brought because the law appeared ambiguous. The decision of the court is expected to settle a question which has been agitating county auditors in Minnesota for several years."

CARPENTIER HAS GREAT GOBS OF LUCK

By HENRY L. FARRELL
United Press Sports Editor

New York, April 22.—Fortune always has been very kind to Georges Carpentier. The Frenchman has had more good breaks and less bad ones than any other boxer in the game.

After having been stopped by Jack Dempsey and knocked out by the false alarm Siki, Carpentier finds himself a most sought-after boxer instead of a wasted hero.

Promoters are fighting for Carpentier's contract and all of a sudden he again becomes the most talked-of boxer in the country. Carpentier still has color and glamor to him and he is still a great drawing card.

Recently a smart and experienced promoter was asked to explain what there was about Carpentier, who is only an ordinary fighter, that makes him such a card, and he replied:

"He draws the women."

Carpentier, it is almost certain, is coming out of retirement for the primary purpose of making money. He cannot be seeking more glory, as nothing he can do now will erase the defeats by Dempsey and Siki from his record, and he can't hope to defeat any of the American boxers whose name could restore any of his old prestige.

The Frenchman very obviously figures that he can beat Gene Tunney, the American light heavyweight champion, because he wanted to fight Tunney before he meets Tom Gibbons. Carpentier knows that he can't beat Gibbons and he wanted "big shots" here this summer to close his career.

Tunney knows that he is figured as being easy by Carpentier and he does not try to deny it.

"When Carpentier was in this country," Tunney says, "he saw me box Paul Sampson, and I'll agree that it was a terrible thing. It was the worst fight I ever put up. Carpentier got up about the sixth round, gave me a nasty look and walked out. He became convinced then, I suppose, that he could beat me."

Tunney was the one who blocked the deal when Floyd Fitzsimmons, Chicago promoter, offered Billy Gibson \$20,000 for the contract the Frenchman had signed with him. Tunney refused to give up the bout and his reasons show how lucky Carpentier had been compared to some of the other fighters.

"I'm the light heavyweight champion, whatever that means, and I have not had a chance to get a thing out of it," Tunney says. "I have had only two 'shots' since I got the title and I worked both times for 12½ per cent. A lot of ordinary fighters get more than that. I want to fight Carpentier because he'll draw a house and I'll get some real money for my end. If I don't get Carpentier before Gibbons does, I'll never get him. I'm smart enough to know that Carpentier will not be a card when Gibbons gets through with him."

"If Gibbons beat Carpentier and I wanted a match with Gibbons, I'd have to take his terms and it would not be more than another 12½ per cent. If I beat Carpentier I could fight Gibbons on my terms, and I think I would be entitled to it."

UMPIRE FREEMAN IS MOBBED AT TOLEDO

Toledo, April 22.—Umpire John Freeman was mobbed here at the close of the Kansas City game, police being called in to rescue him from the crowd. The blue coats got him before any injuries had been inflicted. Kansas City won the game 6 to 2.

Freeman rendered a decision in the ninth inning which gave Kansas City a chance, when the side would have been retired had he decided in favor of the Mud Hens.

Following this the Blues scored four runs on four hits, one of which was a homer by Brannom.

This enraged the crowd, and they piled onto the field immediately after the game was over.

John Scott had been combed for 11 hits up to the decision in the ninth.

George Armstrong, former St. Paul player, had two doubles.

NEW ALCOHOLIC INSANITY RECORDS

CLAIMED TO HAVE INCREASED 1000 PER CENT UNDER PROHIBITION

(By United Press)
Washington, April 22.—Alcoholic insanity has increased more than one thousand per cent under prohibition, Dr. James Whitney Hall, chairman of the Chicago lunacy commission declared today before the house judiciary committee holding hearings on bills proposing modification of the Volstead act. Dr. Hall presented figures to show the alarming increase in alcoholism during the past three years, laid the responsibility directly at the door of the enforcement act and urged modification.

"In 1916 we sent 98 alcoholic insanity cases to the Chicago hospital," Dr. Hall said. "In 1922 we sent 1,100 and in 1923 we sent 1,503.

CHICAGO SEISMOGRAPH REGISTERS TREMORS

Chicago, April 22.—Marked tremors were registered on the seismograph at the University of Chicago between 2:07 p. m. and 3:05 p. m. yesterday, the weather bureau announced today.

The maximum intensity was registered at 2:12. The distance from Chicago was estimated at 1,750 miles, but the direction could not be determined.

500,000 ACRES OF FORESTS BURNED

THAT'S ONLY AVERAGE FIRE LOSS, SAYS FEDERAL INSPECTOR

St. Paul, April 22.—Approximately 780 square miles of Minnesota's timber and wooded lands have been burned over during the last two years.

"The average area burned over has been half a million acres," says Crosby A. Hoar, district forest inspector for the United States forest service, in a statement issued today.

Mr. Hoar's comments are submitted through the state forestry department to show the need of better forest fire protection.

The state department and national forestry department are co-operating in spreading the information which will save the forests. This is a feature of Forest Protection week.

He pointed out that while the state maintains a force of rangers and patrolmen and is assisted in keeping the fire menace down by township wardens, railroads and timber owners, the success of these agencies depends directly upon the help they receive from the people they are serving.

"Such help," he says, "should take the following forms: Be careful with fire; put out any fire which may be discovered, if possible, and report fires at once to the nearest ranger or forest warden."

PREVENT FOREST FIRES COOLIDGE'S PLEA TO U. S.

Washington, April 22.—Forest fires should be as much dreaded by American citizens as fires in their own homes, President Coolidge declared in a statement on national forest week.

Our civilization is largely dependent on the unrestricted use of wood so every citizen is urged to give earnest thought to preventing unnecessary waste through fire, the statement says.

National forest week opened Monday.

MARJORIE RAMBEAU, ACTRESS, SUFFERING FROM APPENDICITIS

(By United Press)
Kansas City, April 22.—Three physicians were in attendance today upon Marjorie Rambeau, actress, suffering from an attack of appendicitis.

A decision was to be reached after a consultation today whether or not an operation would be performed. Miss Rambeau's engagement here has been cancelled.

CLAIMED GOV. McCRAE BARTERED DEPOSITS

(By United Press)
Indianapolis, April 22.—Governor Warren T. McCrae bartered deposits of state funds to Indiana banks in exchange for loans, according to government witnesses who testified today in the federal court trial of McCrae on charges of using the mails to defraud.

C. H. Ayer, cashier of the North Side bank, of Evansville, testified his bank loaned McCrae \$10,000 on a personal note in May, 1923, in return for a state deposit of \$10,000 and a promise of \$10,000 more which did not materialize.

GETTING TOO FAT? TRY THIS—REDUCE

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily without starvation diet or tiresome exercise.—Adv.

FOREST FIRES IN SMOKY MOUNTAINS

(By United Press)
Knoxville, Tenn., April 22.—Forest fires raging in the Chilhowee section of the Smoky Mountains southeast of Knoxville for 24 hours were abating today.

Shifting winds forced the flames back across areas already burned. Damage to timberland will reach into the hundreds of thousands of dollars, lumbermen here said.

KNUTSON INDICTED BY VIRGINIA JURY

Washington, April 22.—Representative Harold Knutson of Minnesota and Leroy M. Hull of Washington, arrested on serious charges recently on a Virginia road, were indicted yesterday by an Arlington county, Virginia, grand jury.

The trial was set at April 30. Only 10 minutes was required by the grand jury to return the indictment after the last witness was heard.

Knutson and Hull were arrested by county officers while out automobile riding. They were held on \$3,000 bail each after a preliminary hearing several weeks ago and these bonds were continued.

MANY HERE SLOWLY POISONED WHEN FILTER BECOMES CLOGGED

Poisoned! Yes, that's exactly what happens to you and many others here when your liver, the body's filter, becomes too clogged and sluggish to purify your blood, aid digestion and nourishment or keep your bowels moving so that waste matter is eliminated from the intestines. It is easy to know when your liver is out of order. Just answer this: Do you wake up mornings feeling dull and tired, bad taste in your mouth, offensive breath or coated tongue? Are you bothered with sour stomach and gas, heart palpitation, sick-headaches or a tired-out, nervous, upset condition? Is your system so run-down you catch cold easily and can't throw the cold off. Get quick relief! Build yourself up by taking a good tonic, as your doctor would advise. Dr. Thacher's Liver & Blood Syrup has been praised by numbers who suffered from just such troubles because it contains ingredients known to physicians for their corrective, health-building properties. Let it cleanse and tone your liver, put your stomach in condition, send purer blood coursing through your veins and keep you feeling fine. You will be completely satisfied; otherwise druggists are authorized to refund the small cost. Dr. Thacher's Liver & Blood Syrup is sold and recommended by Johnson's Pharmacy in Brainerd and by leading druggists in every city and town.—Adv.

F. Marion Crawford's story of "In The Palace Of The King" retains all of its glamour, its dash and color and rapid action in the screen version made by Emmett Flynn for Goldwyn Pictures.

Viola Allen scored a big success in the stage version of "In The Palace Of The King." It will have its last showing at the Lyceum tonight.

Minervini & Harris, the popular musical act, on the same program, is making a big hit.

Lillian Gish: An Interview With "The Real Girl"
Who is the real Lillian Gish? What is back of the pretty head and the soulful eyes of the star of "The White Sister," that big Henry King production showing at the New Park last time tonight. How is she able to wring your emotions as you watch her depict stark, overpowering terror, or the sorrow that rends the heart?

It is all a matter of personal magnetism. Miss Gish herself would not tell you it is because of personal magnetism that she won success—she would not even talk of success, but the interviewer recently, by leading the subject to an impersonal viewpoint, was able to gain the star's ideas.

ORDER LIMITING TIME TO FILE CLAIMS

State of Minnesota, County of Crow Wing, In District Court, 15th Judicial District.
Seaford Exploration Company, a corporation, vs.
Barrows Mining Company, a corporation.

It appearing to the court from the petition of Mal Clark made herein, that he is the duly appointed, qualified and acting receiver of the affairs of the defendant above named, under and pursuant to the provisions of Section 663, General Statutes of Minnesota for 1913, and that there are claims unpaid and outstanding against said defendant, and that it is proper and necessary that an order limiting the time within which creditors may file their claims herein be made and notice thereof given.

NOW, THEREFORE, It is Ordered, that the creditors of said defendant corporation, Barrows Mining Company, be and they hereby are, required to present and exhibit their respective claims against said defendant corporation by filing in the office of the clerk of this court on or before October 25, 1924, a verified complaint setting forth their respective claims against said defendant, and by delivering, before said day, a copy thereof, to Mal Clark, receiver herein, at his office in The First National Bank Building, in the City of Brainerd, in said county, and in default thereof such creditors shall be precluded from receiving any of the benefits of this action, and from sharing in any part of the funds collected in this action and to be distributed under the judgment of this court.

It is Further Ordered, that any party interested in this action may interpose objection to any complaint filed herein, by filing in said clerk's office a verified answer thereto, setting forth such objection and serving a copy thereof upon the claimant whose claim is objected to, at any time within said period, and all claims to which objection is not made within said time shall stand admitted and allowed without proof, and

It is Further Ordered, that the trial of any issue of law or fact raised by any such complaint and objection, shall be brought on for trial and hearing by service of notice of trial upon the claimant, objecting party and receiver in the same manner as in a civil action.

It is Further Ordered, that notice thereof be given by publication of this order and notice in The Brainerd Daily Dispatch, a legal newspaper published at Brainerd, in said county, once in each week for three successive weeks. Dated April 21st, 1924.

FANNING WITH ARRELL

CARPENTIER HAS GREAT GOBS OF LUCK

By HENRY L. FARRELL
United Press Sports Editor

New York, April 22.—Fortune always has been very kind to Georges Carpentier. The Frenchman has had more good breaks and less bad ones than any other boxer in the game.

After having been stopped by Jack Dempsey and knocked out by the false alarm Siki, Carpentier finds himself a most sought-after boxer instead of a wasted hero.

Promoters are fighting for Carpentier's contract and all of a sudden he again becomes the most talked-of boxer in the country. Carpentier still has color and glamor to him and he is still a great drawing card.

Recently a smart and experienced promoter was asked to explain what there was about Carpentier, who is only an ordinary fighter, that makes him such a card, and he replied:

"He draws the women."

Carpentier, it is almost certain, is coming out of retirement for the primary purpose of making money. He cannot be seeking more glory, as nothing he can do now will erase the defeats by Dempsey and Siki from his record, and he can't hope to defeat any of the American boxers whose name could restore any of his old prestige.

The Frenchman very obviously figures that he can beat Gene Tunney, the American light heavyweight champion, because he wanted to fight Tunney before he meets Tom Gibbons. Carpentier knows that he can't beat Gibbons and he wanted "big shots" here this summer to close his career.

Tunney knows that he is figured as being easy by Carpentier and he does not try to deny it.

"When Carpentier was in this country," Tunney says, "he saw me box Paul Sampson, and I'll agree that it was a terrible thing. It was the worst fight I ever put up. Carpentier got up about the sixth round, gave me a nasty look and walked out. He became convinced then, I suppose, that he could beat me."

Tunney was the one who blocked the deal when Floyd Fitzsimmons, Chicago promoter, offered Billy Gibson \$20,000 for the contract the Frenchman had signed with him. Tunney refused to give up the bout and his reasons show how lucky Carpentier had been compared to some of the other fighters.

"I'm the light heavyweight champion, whatever that means, and I have not had a chance to get a thing out of it," Tunney says. "I have had only two 'shots' since I got the title and I worked both times for 12½ per cent. A lot of ordinary fighters get more than that. I want to fight Carpentier because he'll draw a house and I'll get some real money for my end. If I don't get Carpentier before Gibbons does, I'll never get him. I'm smart enough to know that Carpentier will not be a card when Gibbons gets through with him."

"If Gibbons beat Carpentier and I wanted a match with Gibbons, I'd have to take his terms and it would be more than another 12½ per cent. If I beat Carpentier I could fight Gibbons on my terms, and I think I would be entitled to it."

UMPIRE FREEMAN IS MOBBED AT TOLEDO

Toledo, April 22.—Umpire John Freeman was mobbed here at the close of the Kansas City game, police being called in to rescue him from the crowd. The blue coats got him before any injuries had been inflicted. Kansas City won the game 6 to 2.

Freeman rendered a decision in the ninth inning which gave Kansas City a chance, when the side would have been retired had he decided in favor of the Mud Hens.

Following this the Blues scored four runs on four hits, one of which was a homer by Brannan.

This enraged the crowd, and they piled onto the field immediately after the game was over.

John Scott had been combed for 11 hits up to the decision in the ninth.

George Armstrong, former St. Paul player, had two doubles.

NEW ALCOHOLIC INSANITY RECORDS

CLAIMED TO HAVE INCREASED 1000 PER CENT UNDER PROHIBITION

(By United Press)
Washington, April 22.—Alcoholic insanity has increased more than one thousand per cent under prohibition, Dr. James Whitney Hall, chairman of the Chicago lunacy commission declared today before the house judiciary committee holding hearings on bills proposing modification of the Volstead act. Dr. Hall presented figures to show the alarming increase in alcoholism during the past three years, laid the responsibility directly at the door of the enforcement act and urged modification.

"In 1916 we sent 98 alcoholic insanity cases to the Chicago hospital," Dr. Hall said. "In 1922 we sent 1,100 and in 1923 we sent 1,503."

CHICAGO SEISMOGRAPH REGISTERS TREMORS

Chicago, April 22.—Marked tremors were registered on the seismograph at the University of Chicago between 2:07 p. m. and 3:05 p. m. yesterday, the weather bureau announced today.

The maximum intensity was registered at 2:12. The distance from Chicago was estimated at 1,750 miles, but the direction could not be determined.

500,000 ACRES OF FORESTS BURNED

THAT'S ONLY AVERAGE FIRE LOSS, SAYS FEDERAL INSPECTOR

St. Paul, April 22.—Approximately 780 square miles of Minnesota's timber and wooded lands have been burned over during the last two years.

"The average area burned over has been half a million acres," says Crosby A. Hoar, district forest inspector for the United States forest service, in a statement issued today.

Mr. Hoar's comments are submitted through the state forestry department to show the need of better forest fire protection.

The state department and national forestry department are co-operating in spreading the information which will save the forests. This is a feature of Forest Protection week.

He pointed out that while the state maintains a force of rangers and patrolmen and is assisted in keeping the fire menace down by township wardens, railroads and timber owners, the success of these agencies depends directly upon the help they receive from the people they are serving.

"Such help," he says, "should take the following forms: Be careful with fire; put out any fire which may be discovered, if possible, and report fires at once to the nearest ranger or forest warden."

PREVENT FOREST FIRES COOLIDGE'S PLEA TO U. S.

Washington, April 22.—Forest fires should be as much dreaded by American citizens as fires in their own homes, President Coolidge declared in a statement on national forest week.

Our civilization is largely dependent on the unrestricted use of wood so every citizen is urged to give earnest thought to preventing unnecessary waste through fire, the statement says.

National forest week opened Monday.

MARJORIE RAMBEAU, ACTRESS, SUFFERING FROM APPENDICITIS

(By United Press)
Kansas City, April 22.—Three physicians were in attendance today upon Marjorie Rambeau, actress, suffering from an attack of appendicitis.

A decision was to be reached after a consultation today whether or not an operation would be performed. Miss Rambeau's engagement here has been cancelled.

CLAIMED GOV. McCRAE BARTERED DEPOSITS

(By United Press)
Indianapolis, April 22.—Governor Warren T. McCrae bartered deposits of state funds to Indiana banks in exchange for loans, according to government witnesses who testified today in the federal court trial of McCrae on charges of using the mails to defraud.

C. H. Ayer, cashier of the North Side bank, of Evansville, testified his bank loaned McCrae \$10,000 on a personal note in May, 1923, in return for a state deposit of \$10,000 and a promise of \$10,000 more which did not materialize.

GETTING TOO FAT? TRY THIS—REDUCE

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily without starvation diet or tiresome exercise.—Advt.

FOREST FIRES IN SMOKY MOUNTAINS

(By United Press)
Knoxville, Tenn., April 22.—Forest fires raging in the Chilhowee section of the Smoky Mountains southeast of Knoxville for 24 hours were abating today.

Shifting winds forced the flames back across areas already burned. Damage to timberland will reach into the hundreds of thousands of dollars, lumbermen here said.

KNUTSON INDICTED BY VIRGINIA JURY

Washington, April 22.—Representative Harold Knutson of Minnesota and Leroy M. Hull of Washington, arrested on serious charges recently on a Virginia road, were indicted yesterday by an Arlington county, Virginia, grand jury.

The trial was set at April 30. Only 10 minutes was required by the grand jury to return the indictment after the last witness was heard.

Knutson and Hull were arrested by county officers while out automobile riding. They were held on \$3,000 bail each after a preliminary hearing several weeks ago and these bonds were continued.

MANY HERE SLOWLY POISONED WHEN FILTER BECOMES CLOGGED

Poisoned! Yes, that's exactly what happens to you and many others here when your liver, the body's filter, becomes too clogged and sluggish to purify your blood, aid digestion and nourishment or keep your bowels moving so that waste matter is eliminated from the intestines.

It is easy to know when your liver is out of order. Just answer this: Do you wake up mornings feeling dull and tired, bad taste in your mouth, offensive breath or coated tongue? Are you bothered with sour stomach and gas, heart palpitation, sick-headaches or a tired-out, nervous, upset condition? Is your system so run-down you catch cold easily and can't throw the cold off.

Get quick relief! Build yourself up by taking a good tonic, as your doctor would advise. Dr. Thacher's Liver & Blood Syrup has been praised by numbers who suffered from just such troubles because it contains ingredients known to physicians for their corrective, health-building properties. Let it cleanse and tone your liver, put your stomach in condition, send purer blood coursing through your veins and keep you feeling fine. You will be completely satisfied; otherwise druggists are authorized to refund the small cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Johnson's Pharmacy in Brainerd and by leading druggists in every city and town.—Advt.

AMUSEMENTS

At The Lyceum
F. Marion Crawford's story of "In The Palace Of The King" retains all of its glamour, its dash and color and rapid action in the screen version made by Emmett Flynn for Goldwyn Pictures.

Viola Allen scored a big success in the stage version of "In The Palace Of The King." It will have its last showing at the Lyceum tonight.

Minervini & Harris, the popular musical act, on the same program, is making a big hit.

Lillian Gish: An Interview With "The Real Girl"

Who is the real Lillian Gish? What is back of the pretty head and the soulful eyes of the star of "The White Sister," that big Henry King production showing at the New Park last time tonight. How is she able to wring your emotions as you watch her depict stark, overpowering terror, or the sorrow that rends the heart?

It is all a matter of personal magnetism. Miss Gish herself would not tell you it is because of personal magnetism that she won success—she would not even talk of success, but the interviewer recently, by leading the subject to an impersonal viewpoint, was able to gain the star's ideas.
